Book 11 Part 2

BismilLahirRahmaanirRaheem

1. A person ready to take the path of “ true”(for lack of a better term) “ spiritual healing”, one must be prepared to see/ witness/ endure/ experience/ overcome things/ hurdles/ miracles that there imagination “ would” never have otherwise conjured up.
2. I purposefuly didn’t use the word “ could” and instead used “ would” in the above statement; as the/ a fundamental requisite/ among the fundamental requisites of a spiritual healer(in general) is to believe when most would have “ given up”(for lack of a better term)

N.B: My use of spiritual healer/ healing, in this statement implies

a. self healing

b. only by the power of Allah

c. getting out of situations normally not expected for one to get out of(under “ societal”/ circumstantial norms etc. etc.)
